Poetical.

A THOUGHT OF BATTLE.

BY CHARLES WILLIAM BUTLER.

While the blooms of summer bless us,
While the days with light caress us,
While the evening and the morning
Glad us in their welcome dawning,
There is grief and death in battle,
Where the foeman's weapons rattle—
Wounded, dying, longing, moaning,
Human blood for sin atoning.
God be with our brave ones, going
Where the tides of peace are flowing.

Mourner, be thou friend or brother,
Father, sister, tender mother,
Bow in reverent love before them;
Wave our starry banner o'er them:
Kiss the brows that once were glowing,
Meed of tears alone bestowing:
While dear memories, sweet and tender,
Full and free their offerings render—
Memories of the dead, whose glory
Lives with all nation's story.

Weep, but not with tears despairing;
Thine hath ills more sad and glaring
Than is Death, with all his terrors.
Unto man in sins and errors,
Death is but the kind evangel,
High and pure and blessed angel,
Leading, teaching every spirit,
Calmly meeting, not to fear it.
"Trust in God," its voice is crying
O'er the faint and lone and dying.

Weep and pray; the skies are darkening;
Souls are hushed and stilled and harkening—
Waiting for the prophet voicing,
Turning mourning to rejoicing;
Gazing upward for a vision,
And a dream of peace Elysian.
Weep and pray; the God of nations
Works through all these new creations.
Leave the brave ones in his keeping;
Leave them to their holy sleeping.

Boston, Mass.

ICE FIELDS OF SIBERIA.

About thirty years ago somebody made the discovery that the ice fields of Siberia contained an immense number of fossils, of elephants and mastadons. Where they came from or how they got there is a problem which perhaps may never be solved their existence however, was on chimera and as ivoy is one of the most valuable commodities of trade in all nations some untilitarian Englishman conceived the idea of turning those vestiges of a former epoch to profitable account. Accordingly about the year 1835, Thompson, Bonner & Co, a rich London firm fited out an expedition to seek for ivory in the Siberian ice Novel and incredible as it seemed the expedition was crowded with sucess. The ship returned to England richly laden with choicest ivory; and even to the present time, although the world knows little about it, the ivory market is mainly supplied from the ice fields of Siberia.

A Hint of Indignation.

We clip from the New York *Express* the following call for an Indignation Meeting:

"The citizens of New York who are in favor of correctly informing the administration in regard to the people's sense of their misconduct of the war for the reinstation of the Union are requested to assemble at Cooper Institute, on Saturday evening December 20, at half-past 7 o'clock. Hon. A. Oakley Hall, District Attorney Abijah Mann, Daniel Lord, James Brooks, and Charles O'Conor are announced to take part in the meeting."

We shall look with interest for the proceedings of the above meeting which was to have taken place on Saturday night last. That the Government need a little information in regard to the public feeling of the country respecting the dilly-dallying policy which has led us into another defeat we cannot doubt. But we must in all truth protest against its receiving "as truth" the vaporings and quasi secessism of such men as James Brooks and A. Oakey Hall. If the meeting shows a determination to put down the rebellion, "nigger or no nigger," (to use an *Express* maxim,) *we are with them*; but if their object is to back round, and amid a terrible cry of *fight, fight, fight*, meet the rebels half way in fellowship on some "Constitutional" *compromise*, we think they had better stay at home and leave the advising and supplicating business to more loyal subjects of the "Honest Abraham."

We might as well end this war now as at any other time, and if the Government will *sustain the people*, instead of doubting them, it can be done speedily and *permanently*; but so long as Mr. Lincoln allows Horace Greeley to haul him one way, and James Brooks and J. Gordon Bennett another,—at the same time giving a deaf ear to the anguish of millions of his fellow-countrymen—the war will hold on *and we shall meet with reverses*.

Much of the *rubber*-backed policy which has in a measure confirmed the weakness of our Government in the minds of despots on the other side of the "big pond," and caused a trembling for our glorious institutions among even the most loyal of our countrymen, has been put to the credit of that adroit political demagogue, Mr. Wm. H. Seward, the greatest politician, perhaps, the world has ever seen, and as the experience of this country has already shown, the poorest statesman—however, we cannot afford too much ado over this respectable gentleman's case—for, if rumor is not more than usually false, he is now out of harm's way, and we hope his country's also. This being the case, it may reasonably be expected that the purging process will proceed in the Cabinet until the great load of iniquity—which has in a measure destroyed the freedom of the press—locked up for months citizens without even the semblance of law or justice, and thrown millions of the public's gratuitous offerings to the winds and into the pockets of contractors, while it has left our noble soldiers to go barefoot, subsist on "hard tack," and fight unsuccessful battles planned by politicians—can be removed.

This done, and the Cabinet filled with honest, able men, from any party, or all parties, so long as they be *thoroughly loyal* and the ablest which the country can furnish, we may reasonably look forward to a glorious termination of the war before another "Fourth of July," and a termination which will close for ever that terrible "irrepressible conflict" which the *Express* and other papers of like stripe, are determined to make us believe has been the cause of all our National misfortunes. Let us walk right through the bugbear, grapple the monster in might, and live or die by the result of the conflict. If the country is to be saved it cannot be done by evasions, nor would a compromise, however wisely framed, restore us to a lasting peace—the disease must culminate—the cancer must be cut out, and then *and not until then* will peace crown our victorious banners—the war be at an end, and glory, everlasting glory, shine around.

State Matters.

The Military Funerals.—The remains of Col. W. B. Sayles arrived in Providence on Wednesday evening last, in charge of Mr. W. A. Moore, of the 7th regiment. The funeral ceremonies took place Saturday at one o'clock, at the State House. We learn that the arrangements for the funeral were made by St. John's Lodge of Masons, under whose immediate auspices they were solemnized. A military escort was also present.

The funeral of Lieut.-Col. J. B. Curtis, late commander of the 4th R. I. Volunteers, killed at the battle of Fredericksburg on the 13th inst., took place, with military ceremonies, at the same time.

Some of the Wounded.—A regular correspondent of the Boston *Journal*, in Saturday night's issue, enumerates, among Massachusetts names, the following Rhode Islanders, wounded, and at the Campbell and Harwood Hospitals, in the District of Columbia:

7th R. I. Reg.—John L. Bollig, Co. G, foot; Warren Gavett, Co. H, foot; P. Inow, Co. E, John Brown, Co. C, A. Warfield, Co. E, Sergeant W. P. Taylor, Co. H.

12th R. I. Reg.—Sergeant. G. W. Thomas, Co. E, Corp. W. M. Darling, Co. E, R. Tuckiff, Co. H, O. Peckham, Co. D, John McMahon, Co. C.

Bristol Matters.—The *Phenix* gives the following items of State and local interest:

The body of Private Isaac B. Manchester was brought to this town on Monday last. The funeral services were held in the State Street Methodist Episcopal Church, Rev. Samuel F. Upham officiating, on Thursday afternoon last. A large procession of relatives and friends followed the remains of the deceased to their last resting place.

The following soldiers from this town, members of the 7th and 12th regiments, were wounded in the battle near Fredericksburg:

7th Regiment, Peleg G. Jones, Co, I, wounded in the jaw.

12th Regiment, G. W. Simmons, Co. C, thigh; W. J. Darling, Co. E, back, Alonzo Pierce, Co. E, abdomen.

Lieut.-Col. Franklin returned to this town, from Washington, on Saturday last, not being able to procure the body of his brother, Private Josephus Franklin.

Local News

FIREMAN'S FUNERAL.—The funeral of Mr. James Walker, late a member of Hercules Fire Co. No. 7, was solemnized yesterday at one o'clock, from the engine house in Howard street. The hall was appropriately and neatly draped in black. The coffin, being placed on a bier, properly covered with the American flag, at the upper end of the hall, was opened to permit all who wished, to see the deceased. Appropriate religious services were conducted by Rev. Mr. Livesy of the Thames Street Methodist Church, after which the funeral proceeded to the cemetery. The fire company, with the volunteers of the same, numbering in all seventy-two, performed escort duty.

Mr. Walker died at Baltimore from the effects of a wound received at the battle of Antietam, and it was expected, as previously announced that the funeral would have taken place on Sunday last, 14th, but on account of an unfortunate mistake, the body was sent to Newport, N. J., and there buried. Search was instituted by Mr. Walker and the mistake being discovered the body was immediately disinterred and forwarded to this city.—This is the third member of No. 7, sacrificed on the bloody altar of war.

OUR WOUNDED.—We hoped to have placed before our readers several days since, the names of those Newport boys who have lost their lives or spilled their precious blood in the last terrible battle at Fredericksburg, but in this we have been disappointed. The reports of killed and wounded have come in very slowly, and the names of our dear ones have been so mixed up with the thousands from other States, and so unintelligibly given withal, that it has been impossible to furnish anything like a correct or readable list. The following are the only names which have as yet reached us with any degree of accuracy:

Elijah Nickerson, Co. K, 2d R. I. Regiment, wounded.

Sergeant Fuller Dingley, Co. I, 7th R. I. Regiment, wounded.

[illegible], Co. —, 7th R. I. Regiment, wounded.

Caleb Mott, Co. I, 7th R. I. Regiment, wounded,

John H. Burgess, Co. I, 7th R. I. Regiment, wounded.

Civilian Sprague, Co. D, 12th R. I. Regiment, killed.

Sigourney B. Goffe, " " " " wounded.
Thomas H. Milington, " " " " wounded.
John G. Vicars, " " " " wounded.
Orland Freeborn, " " " " wounded.
William O. Doyle, " " " " wounded.

CHRISTMAS.—This good old fashioned holiday is almost here, and we observe by the advertisements of our storekeepers that they are prepared, having made a contract with "uncle Santa Claus," to meet any demand which the desire of "Young America," or his generous "papa" "mamma" "uncle" "aunt," etc., through the whole catalogue, feel inclined to make their juvenile friend or relative glad with. This being the case, it is only necessary for us to say that the readers of the *News* will save much trouble in the selection of their holiday gifts, by consulting our advertising columns, where the really enterprising and substantial tradesmen of our city are sure to be represented. Those who wish to save their footsteps, will therefore take a look at the paper and then make the purchases they desire with little trouble.

THE ADVANTAGES OF THE NAVAL SCHOOL TO NEWPORT.—The Superintendent of the Naval Academy has informed the Secretary of the Navy that the amount which will be required for the support of that institution, during the next fiscal year, is $350,950; for pay of naval officers generally, 103,569; for 503 midshipmen, as students, $261,509; for watchmen and others, $12,681, and for contingent expenses, $12,200.

What more positively shows the advantages to our city in having, not only temporally, but permanently this institution than the above simple statement of its yearly expenditures, the largest part of which are expended in our community.

COLD WEATHER.—We have been enjoying rather cool weather for the last two days and although the thermometer has ranged from 12 to 14 above zero it has been considered and indeed is for our peculiar situation, when enhanced by a stiff breeze, uncomfortably "bracing" for out door exercise. We do not envy our Montreal neighbors in this respect, although they can boast more degrees below zero than we can above, and hope for a little milder treatment from Jack, the celebrated getter up of window pane landscapes—an article of original art and design now frequently met with through the length and breadth of the land.

REAL ESTATE SALES.—Capt. Howard Stockton has sold to Mr. Samuel H. Whitwell, of Boston, a lot containing 98,400 feet on Bellevue Avenue, for $4800.

Mr. Geo. A. Armstoug has sold to Mr. Whitwell, 34,567 feet of land in the rear of Mr. Peter Parker's Estate for $2,765.

Mr. Stephen Champlain has sold to Mr. Geo. A. Armstrong, a lot on the West side of Bellevue Avenue, containing 81,241 feet of land, for $2000.

Mr. Thos. G. Weaver has sold to Mr. Mathias Putzka, a lot on Third street, 50×100 feet for $385,00.

War Record.

Our losses in the late battles.—Until we have official reports from our army, be instructed, but the general impression prevails in the army, that our loss will be found even, rather than under, the figures hitherto given. Some competent authorities place them as low as thirteen thousand; others, equally reliable, figure them at nearer twenty thousand. A prominent Member of Congress who has visited the ranips with a view to investigation reports them at seventeen thousand. Referring to this subject an intelligent and well posted army correspondent writes as follows from Falmouth:

The Army of the Potomac is still a magnificent one. It is, to be sure, smaller by sixteen thousand than it was a week ago, but larger by fifty thousand men than Gen. Lee's. We have not lost a single man at the guns. Our cavalry in number is still the same. But sixteen thousand men have fallen, who were not panic-stricken, who did not run, are lying either dead and unburied upon the battle-field, or are in the hospitals, or within the lines of the rebel army.

The Banks Expedition.—A correspondent from the Philadelphia *Inquirer* on board the Albany, writing under date of the 18th, says:

The expedition sailed under sealed orders, the first of which was opened outside of Sandy Hook. In this order we learned the direction we were to sail for twenty-four hours, after the expiration of which a second order was to be opened, when our true course would be pointed out to us. The second order was opened at the time indicated, and although it will not do for me to state the place of our destination, still I may be allowed to say that all on board were taken by surprise.

In fact, the Captain declared at once he was not competent to navigate the vessels to the point named. He therefore determined to put in at Fortress Monroe and secure a pilot.

Another steamer of the Banks expedition, the M. Sanford, has given out. She went ashore near Carysfort Reef light, and the vessel was a total loss. No loss of life.

The Oswego *Times* publishes a letter from the steamship Ericsson of this Expedition, dated one days sail from Port Royal. The writer says the fleet to which the Ericsson is attached sailed from Fortress Monroe Dec. 4th, in the following order.

Sea Line—Steamship Baltic, flag-ship; propellers George Green, City of Bath, Pocahontas, Matanzas; steamships S. R. Spaulding, Arago.

Shore Line—Steamship Atlantic; propellers Kay West, Curlew, Thorn, Thames, United States; steamship Ericsson; gunboat Augusta.

This part of the expedition comprised about 10,000 troops. The vessels sailed under sealed instructions, not to be opened unless the Atlantic or flag ship was lost sight of for some hours. The following account is given of the disaster to the transport Thames, before reported:

"About 3 P. M. Friday afternoon, Col. Littlejohn, standing on the wheel-house, discovered the propeller Thames run up a flag, and immediately the Ericsson was ordered to head for her; but before her course was fairly taken the storm hid the propellor from view. In an hour she was discovered rolling in the sea, having broken her engine. To get near enough to throw lines and not bring the ships in contact in such a sea and storm was no easy matter. Lines were ready on board our ship, and away we went for the propeller. As we approached an unlucky wave drove us down upon the Thames, and another rushed her with great force toward us. Looking down upon her from our decks it seemed as if she must go under; her mast struck our starboard life-boat, breaking it to atoms, which was the only damage done to us.—Fortunately, our lines fell in the hands of our mate was well delivered, and secured on the Thames, and in a few moments she was in tow. Saturday morning the hawser parted, and by very bad management on the part of the crew of the Thames, she run into our larboard quarter and carried away another life-boat, and very nearly swamped another with our first mate and crew. They only saved themselves by cutting their lines and drifting off to sea."

The Rebel loss and position.—The last Saturday morning papers contain a dispatch from the Richmond *Dispatch* of the 16th which says:

The rebel loss at Fredericksburg on Saturday was twenty-five hundred. Eleven hundred wounded had arrived at Richmond and more were on their way there Monday night. They lost Generals Gregg and Cobb and many field officers. The 3d South Carolina regiment was nearly annihilated.

The Dispatch states that the rebel positions back of Fredericksburg are impregnable. It also contains a dispatch from Goldsboro, N. C. stating that 300 rebels fought the abolitionists at Kingstown the day before, from 8 A. M. to 1 P. M., that after driving the abolitionists once the rebel General Evans was compelled to retire, leaving the vandals to occupy the town. No report of the loss is given. The town was greatly injured by the Union bombardment.

Pen and Scissors Budget.

—The President will not sign the bill admitting Weste rn Virginia into the Union.

—It is rumored that Gen. Halleck will not consent to inaction in the army until Spring. If he does *the people* will not.

—The Senate has decided to have the late battle inquired into by the Committee on the Conduct of the War. The exact responsibility will then be ascertained.

How soon we would like to know? Probably in time to be of service in the next generation—Bah!

—The reported capture of the Hon. John Covode, by the Rebels at Fredericksburg, is not true. Mr. Covode reached Washington safely on Wednesday night.

—Gen. Beauregard's wife is now lying dangerously sick in New Orleans, and Gen. Butler has sent to him a kind invitation to visit her, assuring him of every protection and courtesy during his melancholy errand of sorrow.

The Worcester Transcript says that the Rev. Arthur B. Fuller, chaplain to the 16th regiment, and Col. Welcome B. Sayles of Rhode Island, both killed in the battle of Fredericksburg, were insured in the State Mutual Life Insurance Company of Worcester, for five thousand dollars each.

—To steer successfully through life, our guide must be the pole-star honor. Steady to it—the breeze urges, the calm baffles, the storm threatens—our little bark pushes gallantly though.

—The New York Express is of opinion that as Massachusetts and South Carolina made the war, they ought to be left to fight it out.

Massachusetts, like Eakis, is 'willin'. So says the N. B. *Mercury*.

—A wounded rebel officer, captured at Fredericksburg, announces that Stonewall Jackson is "played out;" that he cared nothing for the comfort or safety of his men, subjecting them to intolerable hardships, and that his popularity with the army is about gone.

—In a Scotch town, a man from the country applied to a respectable lawyer for advice. After detailing the circumstance of the case, he was asked if he had stated facts just as they had occurred. "Oo, ay, sir," rejoined the applicant: "I thought it best to tell you the plain truth; you can put the lies into it yourself."

"My son, would you suppose that the Lord's prayer could be engraved in a space no larger than the head of a pin?"

"Why, yes, father, if a pin's head is as large as everybody's eye as it is to yours I think there would be no difficulty in putting it in about four times."

—"When I goes a shopping," said an old lady, "I allers takes for what I want, and if they have it, and it's suitable, and I feel inclined to take it, and it's cheap, and it can't be got any place for less, I allers take it, without chaffering about it all day, as most people do."

—A correspondent of the N. Y. Evening *Post* suggests the use of leaves for paper stock, millions of tons of which annually decay in the forests. A material which is produced without labor, and, like the sand at the sea side, can be had for the gathering.

The New York *Tribune* gives the names of some twenty members of the R. I. 12th Regiment, who arrived in that city recently to go into hospital. The only one we notice from the Newport Company is John A. Davis.—*Mercury*.

—The official report of Surgeon General Hammond is looked for with much anxiety, as estimates of the killed and wounded in the late battles differ very essentially, some placing the total result of casualties at a very high figure, while others figure up but a small number.

TO HORSE OWNERS.

Dr. Sweet's Infallible Liniment
FOR HORSES

Is unrivaled by any, and in all cases of Lameness, arising from Sprains, Bruises or Wrenching, its effect is magical and certain. Harness or Saddle Galls, Scratches, Mange, &c., it will also cure speedily. Spavin and Ringbone may be easily prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a *radical cure*. No case of the kind, however, is so desperate or hopeless but it may be alleviated by this Liniment, and its faithful application will always remove the Lameness, and enable the horse to travel with comparative ease.

Every horse owner should have this remedy at hand, for a timely use at the first appearance of Lameness, will effectually prevent those formidable diseases mentioned, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

PHILADELPHIA, Dec. 21.

The *Enquirer's* Washington correspondent says, the attack of the Senate Caucus was not made upon Messrs. Seward & Blair, whose ideas on the the conduct of the war are opposed to the balance of the cabinet. Mr. Blair has not tendered his resignation but will have to go and probably Mr. Bates and Secretary Smith have resigned, and a strong pressure is made against Welles and Stanton from New England and the West, but not by the Senatorial Caucus. Blair and Stanton have both quarrelled with Halleck and at a recent cabinet meeting Halleck was violent in his abuse of Stanton and was stopped by the President. Burnside has not resigned, but throws the blame of his recent disaster upon Halleck who alleges it was, "I that did it".

The reported sending of Banks to the gulf was hissited on by Messrs Seward, Blair and Halleck while others begged that he should make diversions on the James River.

Banks has gone to New Orleans, his fleet will rendezvous at Ship Island for the capture of Mobile. His orders supersede Butler, unless countermanded by the President, consequently there is no doubt entertained by those usually well informed of the removal of Halleck and Meigs for incompetence.

DEVASTATIONS OF THE REBELS—THE TOWN OF COMMERCE BURNED &c. &c.

CAIRO, Dec. 21st,

We are still in doubt regarding the extent of injuries done the Mobile and Ohio Railroad. The rebels first made a break this side of Jackson and then moved this way so there is no chance to hear from the territory passed over. They have taken Caroll Station, Humboldt, Trenton, Kenton and at last accounts were moving on Union City. At Trenton large quantities of cotton at the Station House and other property was burned and at Kenton two locomotives and some cars.

A passenger train from Columbus on Friday was fired into but got through to Jackson and was the last train that passed over the road The strength of the rebels is not yet known nor do we yet know the commanders. Morgan and Forrest are conjectured. There is a great panic at Hickman for fear the rebels will make a dash at that place. It is reported here to-night that the rebels have retaken Holly Springs but nothing reliable has been received.

The steamer Millboy while taking cotton at Commerce, Miss., on Wednesday last was surprised by Bleithes rebel cavalry and fired upon. Three persons were killed. The Millboy returned to Helena and reported the facts. The gunboat Juliet and Transport City Belle with detachments of the 11th and 47th Indiana were dispatched to Commerce, where they arrived Thursday night and burned the town and plantation for five miles around. Ten prisoners were taken

FROM WASHINGTON—BACKING DOWN.

NASHVILLE, 21st.

A member of the Border State Committee appointed by a recent caucus states that in the interview with the President yesterday he informed them that as to the emancipation proclamation he had acted from a firm belief it would effect good results, but that if he could be convinced to the contrary he would modify his position upon that subject, his purpose being to do the best he could under all the circumstances which surround him.

FROM REBELDOM.

NASHVILLE 21st.

The Chattanooga *Rebel* of the 19th contains the following:

Wilmington 17th—Gen. Gustavus Smith is being heavily reinforced at Goldsboro. Heavy firing was heard there yesterday in which the enemy were repulsed with heavy loss. Rebel loss is small

Mobile 19th—A special dispatch to the *Advertiser* says:—Vicksburg 16th

Two Yankee gunboats went up the river yesterday and another this morning.

The *Tribune* learns that the Unionists fired on the train between Tupelo and Okolena. Nobody was hurt and the train proceeded to Okolena, which was immediately evacuated and everything moved to Egypt.

Saltillo was taken Monday morning and Pontiac at eleven o'clock by thirty-five abolitionists which is said to be the advance of nine thousand who are making through that country.

Shannon was attacked by the Unionists at two o'clock the same day.

Augusta Ga. 17th—Steamer Herald arrived at a Confederate port to-day with a valuable cargo and Maj. Generals Lorings and Nall recently commanding in West Virginia arrived at Jackson Miss. recently for duty.

Maj. General Lovell was relieved by Loring.

In the Rappahannock battles the *Banner* says: Barksdales brigade suffered severely, consisting of first, seventh, and fourth, Tenn. Regts. Gen. Hood of Texas commanded the division and was mortally wounded.

Beauregard is expecting an attack at Charleston by land and water. Pemberton's army was at Grenada on the 12th. Price was six miles west.—Tillinghast's division six miles east. VanDorn's Headquarters is in Grenada.

A correspondent of the Richmond *Enquirer* giving an account of the Unionists crossing the Rappahannock, says: They were resisted by Barksdale's Mississippi Brigade, and a shell from a Union gun knocked a tall chimney down upon the 17th Mississippi, wounding twenty-eight of them. The rebels lost one hundred and fifty in this affair. Two rebel regiments, sent to cover the retreat of the Mississippi regiments, broke and fled from the field.

The Vicksburg *Whig* of the 13th, says: Two Union gunboats went up the Yazoo River on the 9th inst., and at Blake's Plantation run over two torpedoes, which exploded without doing any mischief. The boats fired four shots and withdrew

Morgan was reported in force at Hartsville Friday night and preparations made for him. Gen. D. Stanley followed sharply with cavalry to Rural Hill and found no symptoms of the enemy. To-day we have reports that Morgan crossed the Cumberland in strong force at Rome. No confirmation yet received. A rebel detachment with artillery threw about 15 shells yesterday evening where they supposed our pickets were. Gen. Van Cleve sent a force after them and they skedaddled. Twenty rebels in United States overcoats undertook to supprise Col. Stanley's escort of cavalry of twelve men and were badly handled. Stanley's men fought bravely, severely wounding the rebels commander, killing two or three and chased the enemy home.

This afternoon Stanley's brigade was attacked while foraging and the enemy again repulsed. Three or four of them were wounded, as many killed and six captured. The remainder of skirmishing during this week was in our favor. Reports continue to exaggerate the rebel strength. Seventy thousand is a very big estimate. Confirmation is received of the reported reinforcement of the rebels by Van Dorn.

The Richmond *Examiner* says,—summing up the recent fight: Our right wing drove the enemy back, killing three to one. At night we held the ground occupied by the enemys batteries in the morning. It was Longstreet's victory was more complete. He drove the enemy into the streets of Fredericksburg.

The Richmond *Dispatch* says Sigel has not more than 15,000 raw lives.

THE LOSS AT FREDERICKSBURG.

NEW YORK, Dec. 22.

THE CABINET.

The *Times* says Secretary Seward yesterday morning finally consented to resume his portfolio and Blair has resumption of his position under advisement and his decision will be announced to the President this morning.

REBEL MOVEMENTS.

The *Herald* learns from Butler that the rebels are supposed to be moving large bodies of troops west and there are literally no troops of any account at Richmond or on the Peninsular.

Lee has 75,000 at Fredericksburg, not a man more. Except guerrillas there are no other troops in Va., unless it be fifteen thousand at Petersburg. But there are 40,000 at Charleston, thirty thousand at Savannah and 25,000 at Mobile. The great strength of the Confederates now being concentrated towards Nashville and Vicksburg, at each of which points there will be in a few days a hundred thousand troops.

THE EXAMINATION.

A Washington special to the *Times* announces the return from Falmouth of the Committee on the Conduct of the War. Gens. Halleck and Meige will be examined Monday. Gen. Burnside says the despatch assumes all responsibility of the assault on the enemy's works, and firmly believes he could have carried them Sunday, had not the continuance of the engagement been opposed by his council of war. The rumors of his resignation are unfounded.

STATE RIGHTS.

NEW YORK, Dec. 22.

The Richmond *Dispatch* states that Governor Letcher is determined to hold the Union prisoners taken recently by Gen. Floyd, in solitary confinement until Col. Thomas, alias French lady is relieved by President Lincoln.

The same paper says Thursday last the North Carolina Senate with two dissenting voices passed the resolution condemning the arrest of Rev. I. R. Graves, now in Castle Thunder on a charge of disloyalty and calling for his return to that State that his case may be investigated by North Carolinians.

POSTSCRIPT.

OFFICIAL DESPATCH
FROM GEN. BURNSIDE'S.

HE ASSUMES THE RESPONSIBILITY

Headquarters, Army of the Potomac,
Falmouth, Dec. 19th, 1862.

Maj.-Gen. H. W. Halleck, General-in-Chief. U. S. Army, Washington.

General: I have the honor to offer the following reasons for moving this Army of the Potomac across the Rappahannock sooner than was anticipated by the President, Secretary of War, and yourself, and for crossing at a point different from the one indicated to you at our last meeting at the President's.

During my preparations for crossing at the place I had first selected, I discovered that the enemy had thrown a large portion of his forces down the river and elsewhere, thus weaking his defences in front. And I also thought I discovered that he did not anticipate the crossing of our whole force at Fredericksburg, and I hoped, by rapidly throwing the whole command over at that place, to separate, by a vigorous attack, the forces of the enemy on the river below, from the forces behind, and on the crest in the rear of the town, in which case we could have fought him with great advantage in our favor.

To do this we had to gain a height on the extreme right of the crest which height commanded a new road lately made by the enemy for purposes of more rapid communication along his lines, which point gained, his positions along the crest would have been scarcely tenable and he could have been driven from there easily by an attack on his front in connection with a movement in the rear on the crest.

How near we came to accomplishing our object future reports will show, but for the fog and unexpected and unavoidable delay in building the bridges which gave the enemy 24 hours more to concentrate his forces in his strong position we would almost certainly have succeeded in which case the battle would have been more decisive than if we had crossed at the places first selected. As it was we came very near success, failing in accomplishing the main object we remained in order of battle all day long, enough to decide that the enemy would not come out of his stronghold to fight us with his infantry, after which we recrossed to this side of the river, unmolested without the loss of man or property.

As the day broke our line of troops were seen marching to their different positions as if going on parade. Not the least demoralization or disorganization existed. To the brave officers and soldiers who accomplished the feat of recrossing the river in the face of the enemy, I owe everything. For the failure in the attack I am responsible as the extreme gallantry, courage and endurance shown by them was never exceeded and would have carried the points had it been possible.

To the families and friends of the dead I can only offer my heart felt sympathies; but for the wounded I can offer my earnest prayers for their comfortable and final recovery. The fact that I decided to move from Warrenton on to this line rather against the opinion of the President, Secretary of War and yourself and that you left the whole movement in my hands without giving me orders, makes me responsible.

I will visit you very soon and give you more definite information and finally will send you my detailed report in which a special acknowledgement of the services of the different grand divisions, corps and my general and staff department of the Army of the Potomac to whom I am so much indebted for their support and hearty co-operation.

I will add thereto that the movement was made earlier than you expected and after the President, Secretary and yourself requested me not to be in haste for the reason that we were supplied much sooner by the different staff officers.

Our killed amounts to eleven hundred and fifty-two. Our wounded to about nine thousand, and our prisoners to about 700, which last have been paroled and exchanged for about the same number taken by us. The wounded have all been removed to this side of the river, and are being well cared for, and the dead were all buried under a flag of truce. The surgeons report a much larger proportion of slight wounds than usual—1,630 only being treated in Hospitals.

I am glad to represent the army at the present time in good condition.

Thanking the government for that entire support and confidence which I have always received from them.

I remain, General,
Very respectfully, your obdt. servt.
A. E. BURNSIDE,
Maj.-Gen. Com. Army Potomac.

NOTE—The above came just as we were going to press, but we thought it of sufficient account to warrant the delay consequent upon inserting it to-day.

"COPYRIGHT SECURED."

GREAT INDIAN REMEDY
FOR FEMALES.

Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is designed for both *married and single ladies*, and is the very best thing known for the purpose, as it will bring on the *monthly sickness* in cases of obstruction, from *any cause*, and after all other remedies of the kind have been tried in vain.

OVER 2000 BOTTLES
have now been sold
without a *single failure*, when taken as directed, and without the least injury to health *in any case*. ☞It is put up in bottles of three different strengths, with full directions for using, and sent by *express, closely sealed*, to all parts of the country.

PRICES—Full strength, $10; half strength, $6; quarter strength, $3 per bottle.

☞*Remember! This medicine is designed expressly for* OBSTINATE *cases, which all other remedies of the kind have failed to cure; also that it is warranted as represented* IN EVERY RESPECT, *or the prices will be refunded.*

☞BEWARE DISSIPATIONS! None genuine and warranted unless purchased *directly of Dr. M., or at his office.* ☞Accommodations for Ladies wishing to remain in the City a short time for treatment.

Dr. Mattison's Diuretic Compound,
For Acute and Chronic Gonorrhœa.

This new remedy contains neither Balsam, Copaiva Spirits of Nitre, Cubebs, Turpentine, or any other nauseous drugs, but is an elegant vegetable liquid, pleasant to the taste and smell, grateful to the stomach, cooling, cleansing and healing in its operation and speedily allaying all heat and irritation in the urinary passage. You, therefore, who have been swallowing down *Balsam Copaiva*, either in capsules or mixtures, for months in succession, until with pale face and disordered stomach your breath and clothes are filled with its vile odor; throw away the disgusting mixtures, and send for a bottle of this *New Remedy*, which will not only cure you *at once*, but at the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so long.

☞ONE BOTTLE, WHICH LASTS A WEEK, WILL OFTEN EFFECT A PERMANENT CURE.—Price $2,00.

Dr. Mattison's Anti-Syphilitic Syrup,
For Constitutional Syphilis.

No remedy ever discovered has done what has been achieved by this. Under its use *every* form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞*It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with $150 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for two years.*

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $6.

Dr. Mattison's Nerve Invigorator,
For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss of Reason.

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing strengthening, and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the invention, restoring them to comparative health, strength and happiness. *Prices*—Quart bottle, which lasts a month, $10; half size, $6.

☞These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be *the very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded.*

☞Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES, rear No. 28 Union street, Providence, R. I., and sent by express, *secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

☞It has been estimated that *over Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without any benefit to those who pay it. All this comes from trusting, *without inquiry*, to men who are alike destitute of honor, character or skill and whose *only* recommendation is *their own* false and extravagant *assertions* in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter what his pretensions are*, but MAKE INQUIRY. It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus*, there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with *the most undoubted references and testimonials* without which an advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞Orders by mail promptly attended to. Write or address plainly, and direct to DR. MATTISON
as above. dl8-1y

DYSPEPSIA & FITS.

A SURE CURE FOR THESE DISTRESSING COMPLAINTS IS NOW MADE KNOWN IN A

"Treatise on Foreign and Native Herbal Preparations."

Published by DR. O. PHELPS BROWN.

This prescription was furnished him in such a providential manner that he cannot conscientiously refuse to make it known, although he never was a believer in Clairvoyance, Spiritualism, Pschycology, &c. This remarkable remedy has cured everybody who has tried it, never failing in a single case. It is equally sure in cases of Fits as of Dyspepsia; and the ingredients may be found in any drug store. Those who are afflicted with Consumption, Bronchitis, or Asthma, may also be cured by the use of my Herbal Preparations, which are charged with electro-magnetic properties, and an *aura* or aromatic atmosphere is continually emanating from them, in consequence of the *positive* and *negative* repulsion of its atomical electro-magnetical principles, thereby rendering their efficacy truly wonderful in all cases of Lung Complaints. I will send this valuable prescription free to any person on receipt of their name.

A CHALLENGE AND A REWARD.

$500 REWARD.

I beg leave to inform my friends and the community, that from recent arrangements made by me, I NOW offer the above reward in good faith, which shall be paid in cash to any chemist or physician, of good and responsible standing in the State, who, on due analysis and satisfactory evidence, can find anything in the BRANDIES, WINES, GINS, &c., &c., NOW for sale by me as pure, other than is found in all PURE, GENUINE and UNADULTERATED ARTICLES.

Knowing, from experience, that our citizens in general labor under the impression, with good cause, that pure liquors cannot be had, I, after much pains, studious investigation, and from the reliable source with whom I NOW contract for my supplies in these articles, do stake my reputation as a man, my integrity as a merchant, that if the liquors NOW sold by me as pure "are not so," then none can be had from the vineyards in France, or from any part of the world. As a proof of my sincerity, I challenge chemical contradiction, and invite all to come and test for themselves, when they will learn that NOW, "if never before," pure liquors can be purchased in Newport, by bottle or measure, for medicinal or family purposes, and as cheap as in any other place in these United States.

WM. ALDERSON, Newport, R. I.

N. B.—The main inducement for all to give me a call is, that my figure for the genuine article is rather less, than more, than is NOW charged for the handsome labeled bottled compounds so extensively sold all over country. Mch 30 1y

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

SOLICITOR OF PATENTS.

Late Agent of U. S. Patent Office, Washington,
(under the Act of 1837.)

No. 76 State St., opposite Kilby St.,

BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries, Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through its inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not unmeasurably superior to any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS,

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON
Commissioner of Patents.

I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration of the Patent Office.

EDMOND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents as they may be sure of having the most faithful attention bestowed on their cases and at very reasonable charges."

JOHN MAGAFFT.

During eight months the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided *in his favor*, by the Commissioner of Patents.
